What is REAL and

"Laws and Children's Games" by Kevin Dunn

Written and posted on July 28, 2014

Where do "laws" come from?

Who creates these "laws" and what purpose do they serve?

Who benefits from these "laws"?

Do any of us have ANY say in these "laws", or are we just expected to obey anything and everything that our MASTERS tell us?

Do you know that everyone of us was born a slave in the USA? You don't want to believe that, do you? You have been told your entire life that Americans are free. Are we free? NOPE, not even close.

How many "laws" existed in America before we were born? How could any of us agree to those "laws" when we were not around to have our say about them as they were being

created? We were all born into a system that none of us created. If we would have been born in another country, we still would have been born into a different system of "laws" that none of us created. That makes us slaves. We are not free to make choices that go against the "laws" that are already in place without suffering the wrath of the power structure that is RULING America. I just wrote an article called "[Arrogant NYPD Spokesmen](#)" that concerned the killing of Eric Garner by the NYPD because he violated a "law" that NONE of us created.

In that article, I posted a TV "news" clip that had former Nassau County Police Investigator **Lou Palumbo** defending the NYPD officers who killed Eric Garner. **Lou Palumbo** made it very clear that he sees the job of the police to be far above the average New Yorker and when the police tell people to jump, they better start jumping or the police will use FORCE to make them comply. **Lou Palumbo** does not see any room for discussion. The RULERS / Slave Masters of New York City decreed that Eric Garner's actions of selling cigarettes on the streets of New York City is against the "law" and **Lou Palumbo**, being a well trained robotic ENFORCER, has a simple view of things. He said this regarding the immediate obedience by the SLAVES when they are COMMANDED by the police ENFORCERS to submit to an arrest

"If you resist, you resist"

And that was just how easy it was for **Lou Palumbo** to dismiss the violent and unnecessary death of Eric Garner at the hands of the NYPD. Clearly **Lou Palumbo** sees no need for the police to engage in verbal skills with the SLAVES of New York City. When the police say "you are under arrest", that's it. There is nothing more to say. After that, the health and safety of the person being arrested is of little or no concern to **Lou Palumbo**. He made it very clear that he has great difficulty determining the level of resistance by the person being

arrested or the appropriate level of FORCE that the police should use to overcome that resistance when making an arrest. **Lou Palumbo** has a very simple outlook "If you resist, you resist" and that is all there is to it.

Eric Garner was harming nobody, but he was violating a "law" that he had no part in creating. Nobody came to Eric Garner to ask for his consent in the creation of this "law" that would eventually be used as an excuse to violently take his life from him, did they? What person living in New York City agreed to this "law"? Was anyone living in New York City even asked before the RULERS of New York City dictated this "law"? Was everyone living in New York City informed that the penalty for violating this "law" could be death? If so, did they agree with that "law"?

Which person living in New York City agrees with the death penalty that Eric Garner received at the hands of the NYPD, the ENFORCERS of this "law" that was created by the RULERS / Slave Masters of New York City? Are New Yorkers safer now? Was Eric Garner a threat to the safety of New Yorkers before the NYPD stepped in to "protect" New Yorkers from him?

Somebody MUST have benefited from the actions by the NYPD, right? Who are the people who benefited from that violent confrontation, initiated by the NYPD? Exactly what benefit did they incur?

YES Americans. We were ALL born into slavery. Can you find yourself in this video?

It gets worse. MUCH worse, but I'll get to that in a moment.

The title of this article is "**Laws and Children's Games**". What is the connection?

In my previous article "[Arrogant NYPD Spokesmen](#)", I said that ALL "laws" are fake. That must be a very difficult concept for most people to believe and understand. It is a concept that is foreign to all of us, including children. Even children create RULES ("laws") when they are playing games with each other. Even children know that rules are required so that everyone knows what is acceptable behaviour and what is unacceptable behaviour.

I grew up on a suburban street that had many children about my own age and we used to play many games together like kickball or whiffleball. We used to play in the streets and we used parked cars as bases and trees were used as out of bounds markers. When the cars were moved or parked in different spots, we adjusted. The point is that we all came together to play games and have fun with each other and we all came to mutual agreements about what the rules were. It was simple. We all had our say and we all abided by the rules that we created.

As adults, none of us make "laws". A VERY corrupt system, that already existed before we were born, has dictated to us what the "laws" are and the RULERS of that system hired people to FORCE us into compliance. That makes us SLAVES.

The "laws" that make the most sense and that serve and protect all of us are **traffic laws**. I'm not talking about the "laws" that deal with things like insurance or registration or driver license. I'm talking about the actual laws that govern movement. Those laws are simple enough for the average person to understand and obey. They make sense. It does not take a lawyer for a person to understand them and if a person disagrees with a traffic citation, it does not take a lawyer to defend a driver in court unless it's something like drunk driving. If only ALL of the "laws" were so easy to understand and designed to protect us instead of enslaving us.

Furthermore..... nothing ever changes. The New World Order agenda keeps going forward no matter who is "elected". It's like the pony express. It did not matter who the rider was or what horse was being ridden, the pony express kept going in the same direction to reach it's intended destination. The New World Order is controlling EVERY event and it is heading towards the final destination of complete world domination. The TOP BRASS of America's police agencies are *ALL* part of this New World Order agenda.

I want everyone to understand the times. I want everyone to know just how dire things really are. I want everyone to know that **Jesus Christ is our only hope**. If you die today, are you going to hell or are you going to be saved by FAITH in Jesus Christ?
