## Random, But Important Information by Kevin Dunn

Written and posted on December 29, 2012

I have decided that I am going to try something different from writing lengthy and time consuming articles. Sharing information is what this website was created to do and I would like to do that in a way that is quick to write and quick to read. I don't know how all of this will work at this point and the configuration is likely to change as things progress, but I liked posting random information in my article "[Banned Again for "No Reason was Specified"](#)".

It allowed me to share some important information quickly and hopefully effectively.

As of this writing, my intention is to simply write and post whatever comes to my attention. Rather than creating a new link for every little comment that I want to share, I intend to just date and post that information in this article, much like a continuous log book or diary. The newer information will be posted at the bottom of this page, with

**2012 1229**

Here is another video about police drones patrolling Los Angeles:

What do you think is the end game in all of this if the New World Order has it's way?

I have made several posts in several threads about money.

Some people (maybe most people) talk about paper "money" as if it's real. Some people posting in the forum are adamant that the top of the New World Order is controlled by "big bankers". Most of these people believe this nonsense because they are constantly told that by people like New World Order insider Alex Jones. Everything is

about money with these NWO controlled "alternative news media types, but they are lying to us.

Here is reality:

1. You and I are REAL. People are real.
2. Time is REAL. A 40 hour work week is real.
3. The items produced by people during that 40 hour work week are REAL.
4. The paper "money" that people are paid as wages is **FAKE**.
5. Governments and banks create paper "money" from nothing. It has no physical backing.
6. The government uses **REAL physical force** to impose the paper "money" on people. They will not allow people to work in this country without being "paid" with fake paper "money".

7. "Fiscal cliff"???? Seriously???? What a hoax. If there is a "cliff", it's because the New World Order is ready to drastically alter our lives by manipulating this paper "money" in such a way that causes great distress in the nation.

8. So we have real people spending real time producing real products for **fake** paper "money" that the satanic government creates from nothing while using real force to impose upon the population.

If "money" and banksters are at the top of the New World Order, why do they care about having all the paper "money" when they create it all? They are using "money" as a tool. **Paper "money" is a TOOL**, just like a carpenter uses a hammer to build a house. I don't know of anyone who owns a hammer just to have a hammer. People own hammers because it is a useful tool for creating something.

Paper "**money**" is a lie.

There is NO "fiscal cliff".

What we are seeing is the complete destruction of the USA by the 2nd beast of Revelation 13, which is an occupying force that is enslaving us and the entire world through the use of the USA military while calling itself "GOVERNMENT".

2 Corinthians 11:14 And no marvel; for **Satan himself is transformed into an angel of light**

Revelation 12:9 And the great dragon was cast out, that old serpent, called the Devil, and

Satan, which **deceiveth the whole world**: he was cast out into the earth, and his angels were cast out with him.

So..... what is the New World Order's end game?

What the New World Order wants is the products and services that people are currently spending their lives producing while being paid with worthless pieces of paper. The "fiscal cliff" is the New World Order preparing you for the **REALITY** that paper "money" has NO value. They are going to remove the **illusion of value** and offer you something else.

Is the "**Mark of the Beast**" very far away now?

There are two kinds of people who talk about the USA Constitution:

1. People who don't know that it's gone.
2. People who know that it's gone but they want to continue to deceive the people who don't know.

Here is an article by the New World Order insider Alex Jones. Mr. Jones is all about deception.

## America's Constitutional Dictatorship

<http://freedom-school.com/truth/waract.htm>

Read the whole short page.

Alex Jones is an extremely intelligent person. He knows about what I just showed you. So why is he writing about the 2nd amendment if he knows that it is gone?

The "Law" is the primary tool used by the New World Order to enslave you and me. I have written several times about "the law". Now I want you to pay attention to what the mass brainwashing tool has to say about "the law".

From the current TV series "**Arrow**"

Notice the 2:00 mark when the judge says "**our's isn't a court of justice, it's a court of law**".

Did you get that?

Everywhere you turn, the New World Order is telling us what they are doing, what they are thinking, what they intend to do in the future.

Once you accept that the New World Order is real, you will start to see and hear what was always there to be seen and heard but you

Since there is no Constitution and no 2nd amendment, why is the satanic government still **acting** like it exists? They have lied to us our entire lives. They can't just barge in and say the Constitution is gone. They have to do things incrementally, like TSA molesting flyers. Little by little, people are accepting the unacceptable.

When are you going to peacefully stop submitting to this satanic government? What is that last straw for you?

**2013 0105**

The previous video about the \$1 Trillion coin is the New World Order mocking the American people for being so incredibly naive and gullible. Who can blame the New World Order for laughing?

Who is going to enforce martial law when it happens? Some people are saying that they don't know anyone in the military who will do such a thing. Hmmm.....

There is a small army of roughly 58,000 TSA employees now. Before 9-11, how many of those people thought that they would be strip searching grandma or making mothers drink their breast milk or they would be searching a baby's dirty diaper or.....

Yeah..... those people are "heroes" for sure. If they were in the military, they would never act against the American people if they were told to it. Search a dirty diaper? You BET!!! but they would never use force to enslave us. They have scruples.

Before 9-11, how many people thought to themselves..... sure, I'll let some pervert strip search me so that I can take a plane ride. If they do it in front of the entire airport, what do I care? I'm going on vacation.

As long as we are dealing with fairy tales today, let's watch one that tells almost exactly the same story as the \$1 Trillion Coin story.
